TO WHOM IT MAY CONCERN

Having worked with Richard on my feature I found him to be enthusiastic, professional and a pleasure to have around. At no time was anything too much or too undoable. He greeted each production challenge with a smile and always had a can do it attitude.

His skill at camera movement and eye for composition ensures that he would be an asset to any production.

Richard has a great professional influence on his co-workers, I cannot praise his work ethic enough.

I highly recommend this young man to any production team

TO WHOM IT MAY CONCERN

Having worked with Richard on several occasions I find him to be an enthusiastic professional. His passion for his craft is great to see. Recently on the production of my short film "Get a Tip", Richard brought a great deal of production value with his steadycam. His eye for camera movement is a skill that any director would be happy to have on set.

Warm regards

To Whom It May Concern,

I'm writing to acknowledge that I have had the pleasure to work with Richard Bellon as a Steadicam Operator on a feature I did in South Africa a year ago. Richard had been recommended by me through a common friend and I can only highly praise him for his work on what was a difficult shoot (a lot of Steadicam work in a lot of very tough terrains) but his work was always brilliant as were his attitude and motivation. I would love the opportunity to work with him again in future and can only recommend him to anyone looking to hire a Steadicam Operator in Cape Town or South Africa in general.

Kind regards,

Ralph Messer

REFERENCE – RICHARD BELLON

TO WHOM IT MAY CONCERN:

I have had the pleasure to work with Richard on several of our productions which include live TV sport coverage, as DOP and Steadicam operator on corporate projects, and as cam ops on various breaking news, documentary and magazine programmes.

He is a pleasure to work with and is at all times is enthusiastic, professional and never afraid to give his all.

We will continue hiring Richard for our upcoming projects due to his track record in consistently delivering well-shot, well-composed, editable content that always does justice to the production.

Kind regards

RE: Recommendation for Richard Bellon as Steadycam Operator.

I got to know Richard over the past few months, as he has spent most of his free time at Take 2 Films practising with every possible camera on his Steadycam rig.

Even though he is a relatively new operator, we have had the pleasure of helping him practise his new craft. Over the last few months he has immersed himself with the art of Steadycam. At every opportunity Richard has come into our offices to practice and I applaud him for his dedication, enthusiasm and technical knowledge. I would highly recommend him for his good attitude and willingness to achieve, as well as his drive for operating at the best of his ability.

He has excelled in all aspects and has done various shoots to prove his ability as a competent and trusted Steadycam operator. Richards's last accolade was literally "running" with the IPL Cricket players at the final game and awards ceremony.

Take 2 Film Services strongly believe that he is an enormous asset to anyone who has him on their crew for whatever shoot.

Yours Sincerely

Pierre du Preez
